

MULLER

UNIVERSITY OF CALIFORNIA

DEPARTMENT OF ZOOLOGY  
LOS ANGELES 24, CALIFORNIA

24 October 1960

Dr. Joshua Lederberg  
Department of Genetics  
Stanford University Medical Center  
Palo Alto, California

Dear Dr. Lederberg:

Although it may not be possible for you to come to the testimonial dinner for Dr. Muller, I thought you would be interested in the plans for this celebration in case you can make the arrangements to be there.

The testimonial dinner will be held on Wednesday evening, December 28, 1960, at 6:30 PM. The second floor dining room of the Men's Faculty Club at Columbia University has been reserved. This is located on 117th Street and Morningside Drive. Cost for the dinner is \$3.00 per person. Cocktails can also be requested at \$0.75 each.

The program for the dinner includes a portrait by Mrs. Seymour Fogel and a token gift from individual donations, mostly by those who cannot attend the dinner but who wish to make some contribution toward its success.

Muller's editing of his major papers is progressing and he is quite pleased to have this chance to bring them together into a single volume.

If you can attend this occasion, please mail your check for the dinner and cocktails (if desired) to me at your convenience.

Since so many of Dr. Muller's friends and colleagues who cannot come wish to send messages to him, I've included the time and address for this meeting.

Sincerely yours,

Eloy Carlson
